

# 2019 MAJOR – Chinese Studies

(Qualifying Major for Bachelor of Arts with the degree of Bachelor of Laws)

Students completing a major in Chinese Studies develop proficiency in Chinese across a range of modes of communication. They gain an understanding of the society and culture of the countries where Chinese is spoken. Students learn about cultural differences, analyse the relationship between language and culture, and apply skills in cross-cultural communication. The Chinese Studies major has a distinctive cross-cultural approach and includes opportunities for innovative modes of learning including online delivery, in-country studies and internships.
