

# 2019 MAJOR – Politics

(Qualifying Major for Bachelor of Arts with the degree of Bachelor of Laws)

The major in politics is a broad program covering a diversity of approaches to the study of political phenomena. Students are able to select from units in the Discipline's major teaching streams of Australian politics, political theory, public policy, international relations and comparative politics. The program balances breadth of coverage, ensuring students encounter different types of political thinking and forms of political analysis, with sufficient flexibility to enable specialised study in particular areas should this be desired.

 **The table below is a suggested first session for students beginning in Session 2, 2019.** Please make your selection of units after reviewing the requirements of your award in the 2019 Handbook:
