

2019 MAJOR – Computing

(Qualifying Major for Bachelor of Arts)

This Major is designed to give students a background in Computing, more specifically in the fields of programming, web technology or information systems.

The table below is a suggested first session for students beginning in Session 2, 2019. Please make your selection of units after reviewing the requirements of your award in the 2019 Handbook:

www.handbook.mq.edu.au/2019/DegreesDiplomas/Degree/Bachelor+of+Arts

Suggested First Session

Session 2, 2019

Unit Code	Unit Name
MKTG101 or STAT170	Marketing Fundamentals Introductory Statistics
ISYS114 * or DMTH137	Introduction to Database Design and Management Discrete Mathematics 1
COMP115 * or MUS102 or LING111	Introduction to Computer Programming Passion, Rebellion and Identity in Popular Music Language: Its Structure and Use
Elective	Choose an elective unit

- You must also meet the general requirements for the degree for which you will qualify.
- It may be possible to satisfy the requirements of your degree by taking a different selection of units in your first session from those suggested above.
- * Students are required to take at least two units with designation COMP or ISYS at 100 level.
- If you want to focus on programming in this major you should do both DMTH137 and COMP125.
- Consider what units you will want to study in second and third year. Prerequisite requirements for those units must be completed prior to enrolment in the higher-level unit.
- For a double major complete required units for both majors where possible in the first year. If considering a double major consult the criteria found at www.handbook.mq.edu.au/2019/Majors.
- You can receive specific program advice from the faculty at any stage in your degree by lodging a "Program Advice" enquiry via <http://ask.mq.edu.au>.
