

2019 MAJOR – International Business

(Qualifying Major for Bachelor of Arts)

This major is designed for students contemplating a career with an international focus, whether it be working for a large multinational corporation or for an Australian organisation doing business globally. Centred on the study of international firms – their strategy, corporate policies and operations – it focuses on the institutional side of business, which is becoming increasingly important due to the globalisation of the business world. It fosters an understanding of why international business is different and how international business opportunities can be exploited. Students completing this major could also consider taking a second major in a European or Asian language.

The table below is a suggested first session for students beginning in Session 2, 2019. Please make your selection of units after reviewing the requirements of your award in the 2019 Handbook:

- You must also meet the general requirements for the degree for which you will qualify.
- It may be possible to satisfy the requirements of your degree by taking a different selection of units in your first session from those suggested above.
- Consider what units you will want to study in second and third year. Prerequisite requirements for those units must be completed prior to enrolment in the higher-level unit.
- For a double major complete required units for both majors where possible in the first year. If considering a double major consult the criteria found at www.handbook.mq.edu.au/2019/Majors.
- You can receive specific program advice from the faculty at any stage in your degree by lodging a “Program Advice” enquiry via <http://ask.mq.edu.au>.
