

2019 MAJOR – Psychological Science

(Qualifying Major for Bachelor of Arts)

This non-accredited major is designed to provide a broad education for students interested in psychology. It will introduce students to the core areas of psychology, and with the opportunity to study some areas in greater depth. As a major in a general degree, students are able to tailor their undergraduate studies in psychology around their other interests as well--whether they be in Science, Arts, or Business, thus maintaining flexibility and broad options. Students seeking an accredited psychology degree can transfer from this major to the Bachelor of Arts -Psychology or the Bachelor of Psychology (Honours) upon meeting the entry requirements.

The table below is a suggested first session for students beginning in Session 2, 2019. Please make your selection of units after reviewing the requirements of your award in the 2019 Handbook:

- You must also meet the general requirements for the degree for which you will qualify.
- It may be possible to satisfy the requirements of your degree by taking a different selection of units in your first session from those suggested above.
- Consider what units you will want to study in second and third year. Prerequisite requirements for those units must be completed prior to enrolment in the higher-level unit.
- For a double major complete required units for both majors where possible in the first year. If considering a double major consult the criteria found at www.handbook.mq.edu.au/2019/Majors.
- You can receive specific program advice from the faculty at any stage in your degree by lodging a "Program Advice" enquiry via <http://ask.mq.edu.au>.
