

# 2019 Bachelor of Applied Finance with the degree of Bachelor of Business Analytics

Gain practical and job-ready financial and analytical skills by combining the Bachelor of Applied Finance with the Bachelor of Business Analytics degree. This double degree will give you both the specialist training to manage funds and investments in the complex world of markets, banks, laws, financial instruments and businesses together with the knowledge and skills from both business and data science to enable you to understand, analyse and extract meaningful information from big data. Throughout this degree, you will study units in economics, accounting, financial theory, mathematical techniques such as probability or statistics, as well as quantitative analysis, business information systems, database programming, business management and decision making with a focus on applying these skills to real financial organisations, markets and instruments.

**The table below is a suggested first session for students beginning in Session 2, 2019.** Please make your selection of units after reviewing the requirements of your award in the 2019 Handbook:

[www.handbook.mq.edu.au/2019/DegreesDiplomas/Degree/Bachelor+of+Applied+Finance+with+the+degree+of+Bachelor+of+Business+Analytics](http://www.handbook.mq.edu.au/2019/DegreesDiplomas/Degree/Bachelor+of+Applied+Finance+with+the+degree+of+Bachelor+of+Business+Analytics)

## Suggested First Session

### Session 2, 2019

Unit Code	Unit Name
ACST101	Finance 1A
ECON111	Microeconomic Principles
ISYS114	Introduction to Database Design and Management
STAT150	Business Statistics

- You must also meet the general requirements for the degree for which you will qualify.
- It may be possible to satisfy the requirements of your degree by taking a different selection of units in your first session from those suggested above.
- Consider what units you will want to study in second and third year. Prerequisite requirements for those units must be completed prior to enrolment in the higher-level unit.
- You can receive specific program advice from the faculty at any stage in your degree by lodging a “Program Advice” enquiry via <http://ask.mq.edu.au>.
