

2019 Bachelor of Applied Finance

Gain practical and job-ready financial skills with the Bachelor of Applied Finance degree. This course in finance will give you the specialist training to manage funds and investments in the complex world of markets, banks, laws, financial instruments and businesses. Throughout the degree you will study units in economics, accounting, current financial theory, mathematical techniques such as probability or statistics, and analysis. This applied finance degree has a focus on applying these skills to real financial organisations, markets and instruments.

The table below is a suggested first session for students beginning in Session 2, 2019. Please make your selection of units after reviewing the requirements of your award in the 2019 Handbook:

www.handbook.mq.edu.au/2019/DegreesDiplomas/Degree/Bachelor+of+Applied+Finance

| Suggested First Session | |
|-------------------------|--------------------------|
| Session 2, 2019 | |
| Unit Code | Unit Name |
| ACST101 | Finance 1A |
| ECON111 | Microeconomic Principles |
| STAT150 | Business Statistics |
| ACCG100 | Accounting in Society |

- You must also meet the general requirements for the degree for which you will qualify.
- It may be possible to satisfy the requirements of your degree by taking a different selection of units in your first session from those suggested above.
- Consider what units you will want to study in second and third year. Prerequisite requirements for those units must be completed prior to enrolment in the higher-level unit.
- You can study additional PACE units as electives in second and/or third year. Go to www.pace.mq.edu.au to find out more about internships and other local and international opportunities.
- You can receive specific program advice from the faculty at any stage in your degree by lodging a "Program Advice" enquiry via <http://ask.mq.edu.au>.
