

2019 MAJOR – Ancient History - Ancient Languages

(Qualifying Major for Bachelor of Business Administration with the degree of Bachelor of Arts)

The capacity to access source materials in the original language(s) of composition is crucial for advanced study of ancient history and culture. Creation of this program will enable the most effective development of language proficiency for ancient history and archaeology students. It will also provide a clearly marked avenue for linguistically talented students to pursue research and careers in the more language-oriented spheres of ancient world studies. The program is distinctive in its focus specifically on the needs of ancient history students. It will also support and extend the world-renowned engagement of the Department of Ancient History with documentary as well as literary evidence in its historical and archaeological teaching and research. During its short history the Department has developed the teaching of six different ancient languages associated with the Mediterranean, the Near East, and/or the Silk Road (Akkadian, Ancient Greek, Coptic, Egyptian, Hebrew, Latin). This is a unique range for any Australian university. The educational aims of creating the major in Ancient Languages are to: consolidate and further mature this developing learning and teaching strength, systematise learning outcomes and assessment methods and assist students in orienting language study within their degree structure

The table below is a suggested first session for students beginning in Session 2, 2019. Please make your selection of units after reviewing the requirements of your award in the 2019 Handbook:

www.handbook.mq.edu.au/2019/DegreesDiplomas/Degree/Bachelor+of+Business+Administration+with+the+degree+of+Bachelor+of+Arts

Suggested First Session

Session 2, 2019

Unit Code	Unit Name
ACCG100	Accounting in Society
BBA102	Principles of Management
ECON111	Microeconomic Principles
AHIS158 or AHIS168 or HRM107	Ancient Hebrew A Coptic Egyptian Introduction to Human Resources

- You must also meet the general requirements for the degree for which you will qualify.
- It may be possible to satisfy the requirements of your degree by taking a different selection of units in your first session from those suggested above.
- Consider what units you will want to study in second and third year. Prerequisite requirements for those units must be completed prior to enrolment in the higher-level unit.
- You can study additional PACE units as electives in second and/or third year. Go to www.pace.mq.edu.au to find out more about internships and other local and international opportunities.
