

2019 MAJOR – Cyber Security

(Qualifying Major for Bachelor of Business Administration with the degree of Bachelor of Arts)

Cyber security is an important facet of all work in Information Technology. The major combines units from the Department of Security Studies and Criminology with those from Computing to provide a broad view of the problems and solutions in IT security.

The table below is a suggested first session for students beginning in Session 2, 2019. Please make your selection of units after reviewing the requirements of your award in the 2019 Handbook:

www.handbook.mq.edu.au/2019/DegreesDiplomas/Degree/Bachelor+of+Business+Administration+with+the+degree+of+Bachelor+of+Arts

Suggested First Session	
Session 2, 2019	
Unit Code	Unit Name
ACCG100	Accounting in Society
BBA102	Principles of Management
COMP115	Introduction to Computer Programming
ISYS114	Introduction to Database Design and Management

- You must also meet the general requirements for the degree for which you will qualify.
- It may be possible to satisfy the requirements of your degree by taking a different selection of units in your first session from those suggested above.
- Consider what units you will want to study in second and third year. Prerequisite requirements for those units must be completed prior to enrolment in the higher-level unit.
- You can receive specific program advice from the faculty at any stage in your degree by lodging a “Program Advice” enquiry via <http://ask.mq.edu.au>.
