

# 2019 MAJOR – Human Geography

(Qualifying Major for Bachelor of Business Administration with the degree of Bachelor of Arts)

Human geography has a strong focus on social and community planning, health and health care delivery, population studies, development studies, environmental management, public policy development, urban and regional management and geographic information science. This major offers the flexibility to construct a specific program of study tailored to your intended professional career. You will develop your scientific skills such as problem solving and critical thinking through practical work and peer assisted learning.

**The table below is a suggested first session for students beginning in Session 2, 2019.** Please make your selection of units after reviewing the requirements of your award in the 2019 Handbook:
