

2019 MAJOR – Statistics

(Qualifying Major for Bachelor of Business Administration with the degree of Bachelor of Arts)

Statistics as a discipline is the development and application of methods for collecting, analysing and interpreting data. It is the science of learning from data, or converting data into knowledge. Statistics is an essential tool for making informed decisions in all areas of business and government. Aims include: producing the "best" information from available data by reducing uncertainty in decision-making, and detecting patterns in the data, signing experiment and other data collection methods to help decision-making, by estimating the present and/or predicting the future. This major has a strong focus on the application of contemporary statistical methods and the use the latest computational techniques. The development of relevant computing skills also forms an integral part of this major.

The table below is a suggested first session for students beginning in Session 2, 2019. Please make your selection of units after reviewing the requirements of your award in the 2019 Handbook:

www.handbook.mq.edu.au/2019/DegreesDiplomas/Degree/Bachelor+of+Business+Administration+with+the+degree+of+Bachelor+of+Arts

Suggested First Session

Session 2, 2019

Unit Code	Unit Name
ACCG100	Accounting in Society
BBA102	Principles of Management
HRM107	Introduction to Human Resources
STAT150	Business Statistics

- You must also meet the general requirements for the degree for which you will qualify.
- It may be possible to satisfy the requirements of your degree by taking a different selection of units in your first session from those suggested above.
- Consider what units you will want to study in second and third year. Prerequisite requirements for those units must be completed prior to enrolment in the higher-level unit.
- You can study additional PACE units as electives in second and/or third year. Go to www.pace.mq.edu.au to find out more about internships and other local and international opportunities.
- You can receive specific program advice from the faculty at any stage in your degree by lodging a "Program Advice" enquiry via <http://ask.mq.edu.au>.
