

2018 MAJOR – Finance

(Qualifying Major for Bachelor of Commerce with the degree of Bachelor of Arts - Psychology)

This four-year program provides a joint qualification in commerce and psychology. The program lets you gain a comprehensive understanding of business functions, strategy and skills whilst equipping you with knowledge of a wide range of fundamental psychological concepts which will help you understand how people think, act and feel, and be able to apply these concepts across a range of business areas.

Finance is the study of financial organisations, markets and the instruments used to allocate financial resources. The finance major investigates the core areas of corporate finance, financial analysis and portfolio management and provides the basis for a variety of careers in the financial sector.

Students wishing to progress with psychology training can transfer from this degree to the Bachelor of Commerce with the degree of Bachelor of Psychology (Honours) upon meeting entry requirements.

The table below is a suggested first year program guide to support your enrolment. Please make your selection of units after reviewing the requirements of your award in the 2018 Handbook:
