

2019 MAJOR – Accounting

(Qualifying Major for Bachelor of Commerce with the degree of Bachelor of Laws)

A legal and commercial understanding of business will give you a competitive edge in your career. Macquarie Law will give you knowledge of legal principles and the critical and analytic skills to really understand them. You will study established areas such as constitutional law and contract law, and also contemporary areas such as consumer law and environmental law.

The accounting major covers both financial and management accounting. Elective units allow students to specialise in either area, or to broaden their studies. The unit's research and practice-based topics will equip students to enter into the programs offered by CPA Australia and The Chartered Accountants Australia and New Zealand (CA ANZ).

The table below is a suggested first session for students beginning in Session 2, 2019. Please make your selection of units after reviewing the requirements of your award in the 2019 Handbook:

www.handbook.mq.edu.au/2019/DegreesDiplomas/Degree/Bachelor+of+Commerce+with+the+degree+of+Bachelor+of+Laws

Suggested First Session	
Session 2, 2019	
Unit Code	Unit Name
ACCG100	Accounting in Society
BBA102	Principles of Management
LAW115	Foundations of Law
STAT150	Business Statistics

- You must also meet the general requirements for the degree for which you will qualify.
- It may be possible to satisfy the requirements of your degree by taking a different selection of units in your first session from those suggested above.
- Consider what units you will want to study in second and third year. Prerequisite requirements for those units must be completed prior to enrolment in the higher-level unit.
- You can receive specific program advice from the faculty at any stage in your degree by lodging a "Program Advice" enquiry via <http://ask.mq.edu.au>.
