

# 2019 MAJOR – Entrepreneurship

(Qualifying Major for Bachelor of Commerce with the degree of Bachelor of Laws)

A legal and commercial understanding of business will give you a competitive edge in your career. Macquarie Law will give you knowledge of legal principles and the critical and analytic skills to really understand them. You will study established areas such as constitutional law and contract law, and also contemporary areas such as consumer law and environmental law.

Entrepreneurship involves a wide scope of activities such as evaluating ideas, sourcing and organising resources, and weighing the risks and rewards associated with the new ventures. This major will help you learn the skills of identifying and developing opportunities.

**The table below is a suggested first session for students beginning in Session 2, 2019.** Please make your selection of units after reviewing the requirements of your award in the 2019 Handbook:
