

# 2019 MAJOR – Human Movement

(Qualifying Major for Bachelor of Human Sciences)

This major is designed for students who wish to gain a wide range of theoretical knowledge and practical skills in movement science. It includes studies in human anatomy, human physiology, psychology, research methods and human movement.

**To make the most out of the Bachelor of Human Science it is strongly recommended that students undertake a second major along with the Human Movement Major.**

**The table below is a suggested first session for students beginning in Session 2, 2019.** Please make your selection of units after reviewing the requirements of your award in the 2019 Handbook:

[www.handbook.mq.edu.au/2019/DegreesDiplomas/Degree/Bachelor+of+Human+Sciences](http://www.handbook.mq.edu.au/2019/DegreesDiplomas/Degree/Bachelor+of+Human+Sciences)

Suggested First Session	
Session 2, 2019	
Unit Code	Unit Name
HLTH108	Introduction to Anatomy
PSYC105	Introduction to Psychology II
Elective	Recommend core unit from second Major
Elective	Choose an elective unit

- You must also meet the general requirements for the degree for which you will qualify.
- For a double major complete required units for both majors where possible in the first year. Consult the criteria found at [www.handbook.mq.edu.au/2019/Majors](http://www.handbook.mq.edu.au/2019/Majors). Suggested second majors include;
  - Cognitive and Brain Sciences
  - Communication Disorders
  - Community Services
  - Counselling Theory and Principles
  - Language and Professional Communication
  - Public Health: Policy and Promotion
- Consider what units you will want to study in second and third year. Prerequisite requirements for those units must be completed prior to enrolment in the higher-level unit.
- You must select a Professional and Community Engagement (PACE) unit as part of the elective component of your degree. It is important to plan ahead for this requirement and allocate elective space for your chosen PACE unit. A list of eligible units is available at [www.handbook.mq.edu.au/2019/Units/PACE](http://www.handbook.mq.edu.au/2019/Units/PACE).
- It may be possible to satisfy the requirements of your degree by taking a different selection of units in your first session from those suggested above.

- Recommended **mathematical** knowledge – 300 level core units in this major requires reasonable mathematical knowledge. If you do not have a strong background in mathematics it is recommended that you consider taking MATH130 or MATH132 as an elective, or seek assistance from the Numeracy centre.
- You can receive specific program advice from the faculty at any stage in your degree by lodging a “Program Advice” enquiry via [www.ask.mq.edu.au](http://www.ask.mq.edu.au).
