# 2019 MAJOR – Computing

(Qualifying Major for Bachelor of Science with the degree of Bachelor of Laws)

This major is designed to give students a background in computing, more specifically in the fields of programming, web technology or information systems.

**The table below is a suggested first session for students beginning in Session 2, 2019**. Please make your selection of units after reviewing the requirements of your award in the 2019 Handbook:

www.handbook.mq.edu.au/2019/DegreesDiplomas/Degree/Bachelor+of+Science+with+the+degree+of+Bachelor+of+Laws

| Suggested First Session | |
|---|---|
| **Session 2, 2019** | |
| **Unit Code** | **Unit Name** |
| COMP115 | Introduction to Computer Programming |
| LAW115 | Foundations of Law |
| ISYS114 or DMTH137* | Introduction to Database Design and Management  Discrete Mathematics 1 |
| Elective | Choose an elective unit |

- You must also meet the general requirements for the degree for which you will qualify.

- It may be possible to satisfy the requirements of your degree by taking a different selection of units in your first session from those suggested above.

- * If you want to focus on programming in this major you should study DMTH137 and complete COMP125 in 2020.

- Consider what units you will want to study in second and third year. Prerequisite requirements for those units must be completed prior to enrolment in the higher-level unit.

- Please note that you should enrol in LAW109, LAWS104 and LAWS108 in 2020.

- You can receive specific program advice from the faculty at any stage in your degree by lodging a "Program Advice" enquiry via http://ask.mq.edu.au.
