

2019 MAJOR – Electronics

(Qualifying Major for Bachelor of Science with the degree of Bachelor of Laws)

The Electronics major develops an in-depth understanding of electronics technology. An underpinning of knowledge in basic circuits, signals, and systems is developed from the perspective of participating in the development and diagnostics of modern electronic systems.

The table below is a suggested first session for students beginning in Session 2, 2019. Please make your selection of units after reviewing the requirements of your award in the 2019 Handbook:

www.handbook.mq.edu.au/2019/DegreesDiplomas/Degree/Bachelor+of+Science+with+the+degree+of+Bachelor+of+Laws

Suggested First Session

Session 2, 2019

Unit Code	Unit Name
ENGG100	Introduction to Engineering
MATH135 or MATH130	Mathematics 1A Mathematics 1E
LAW115	Foundations of Law
PHYS140 or Elective	Physics 1A Choose an elective unit

- You must also meet the general requirements for the degree for which you will qualify.
- It may be possible to satisfy the requirements of your degree by taking a different selection of units in your first session from those suggested above.
- Mathematics and Physics are required in this program. Students who *do not* have at least Band 4 in HSC Mathematics should take MATH130 in their first session.
- Consider what units you will want to study in second and third year. Prerequisite requirements for those units must be completed prior to enrolment in the higher-level unit.
- You can receive specific program advice from the faculty at any stage in your degree by lodging a “Program Advice” enquiry via <http://ask.mq.edu.au>.
