

2019 MAJOR – Geology

(Qualifying Major for Bachelor of Science with the degree of Bachelor of Laws)

The geology major includes the scientific study of the Earth and other planets, the materials of which they are composed, and the processes by which they change. Integration of field geology with laboratory and theoretical studies of Earth materials underpins an understanding in space and time (4D) of mineral and petroleum systems, geodynamics, geochemistry, tectonics, volcanism, earthquakes and their underlying scientific disciplines.

The table below is a suggested first session for students beginning in Session 2, 2019. Please make your selection of units after reviewing the requirements of your award in the 2019 Handbook:

www.handbook.mq.edu.au/2019/DegreesDiplomas/Degree/Bachelor+of+Science+with+the+degree+of+Bachelor+of+Laws

Suggested First Session

Session 2, 2019

Unit Code	Unit Name
GEOS125 or GEOS126	Earth Dynamics Introduction to Oceanography
LAW115	Foundations of Law
STAT170	Introductory Statistics
Elective	Choose an elective unit

- You must also meet the general requirements for the degree for which you will qualify.
- It may be possible to satisfy the requirements of your degree by taking a different selection of units in your first session from those suggested above.
- Please note that you should enrol in LAW109, LAWS104 and LAWS108 in 2020.
- Consider what units you will want to study in second and third year. Prerequisite requirements for those units must be completed prior to enrolment in the higher-level unit.
- You can receive specific program advice from the faculty at any stage in your degree by lodging a “Program Advice” enquiry via <http://ask.mq.edu.au>.
