

2019 MAJOR – Computing

(Qualifying Major for Bachelor of Science)

This Major is designed to give students a background in Computing, more specifically in the fields of programming, web technology or information systems.

The table below is a suggested first session for students beginning in Session 2, 2019. Please make your selection of units after reviewing the requirements of your award in the 2019 Handbook:

www.handbook.mq.edu.au/2019/DegreesDiplomas/Degree/Bachelor+of+Science

Suggested First Session

Session 2, 2019

Unit Code	Unit Name
COMP111 *	Introduction to Computer Programming
ISYS114 *	Introduction to Database Design and Management
MKTG101 or STAT170 ~ or DMTH137 ~	Marketing Fundamentals Introductory Statistics Discrete Mathematics 1
Elective	Choose an elective unit

- You must also meet the general requirements for the degree for which you will qualify.
 - * Students are required to study at least two units with designation COMP or ISYS at 100 level. If you want to focus on programming in this major you should do both DMTH137 and COMP125.
 - ~ Students are required to study at least one of these units towards the requirements for the Bachelor of Science. Alternative appropriate units are available in Sessions 1 and 2. Visit the Handbook link above to view all options.
- It may be possible to satisfy the requirements of your degree by taking a different selection of units in your first session from those suggested above.
- Consider what units you will want to study in second and third year. Prerequisite requirements for those units must be completed prior to enrolment in the higher-level unit.
- For a double major complete required units for both majors where possible in the first year. If considering a double major consult the criteria found at www.handbook.mq.edu.au/2019/Majors.
- You can receive specific program advice from the faculty at any stage in your degree by lodging a “Program Advice” enquiry via <http://ask.mq.edu.au>.
